

Katherine is a true liberal who consistently impresses me with her business acumen, political nous and implicit belief in the future potential of our nation.

Katherine has a strong sense of social justice, and through her representative roles as Woollahra Deputy Mayor and as Chair of the Sydney East Business Chamber, she has demonstrated a depth of understanding of the issues that matter to people in the Wentworth electorate.

As a former State and Federal Government advisor Katherine understands policy at a State and National level with the capacity to quickly grasp issues and fiercely advocate on behalf of others.

Katherine is hard working, practical and committed, with a warmth and intelligence that is essential to successfully represent the community.

Katherine has demonstrated she has the right skills, enthusiasm, tenacity, passion, real life experience, energy and focus to be a great Parliamentary representative.

I urge you to support Katherine as the next candidate and Member for Wentworth.

The Hon Robyn Parker
